BITREX®

TASTE TRIAL CERTIFICATE

USE AMMORBIDENTE LAVANDA

MS3312

TASTE TRIAL NUMBER(S): NTTD213

RECOMMENDED INCLUSION LEVEL : 50ppm

ANDREA GALLO - ITALY Ref No - N/A

The Bitrex® inclusion level shown is the minimum amount that should be added to the product to render it intolerable to humans.

As a condition of this testing, the Bitrex® logo should be displayed on the product packaging, and the recommended inclusion level used as a minimum for this product.

Thank you for your co-operation in supplying the information to allow these tests to be carried out. Please do not hesitate to contact Macfarlan Smith for further assistance.
